TALKING SCIENCE

PASSIONATE ABOUT
YOUR SCIENCE?

Share it with the world!

"This experience has been so enriching and motivating. I have met amazing people doing amazing work. I am totally inspired."

Keneilwe Moropa,
FameLab South Africa
2019 winner

The “Pop Idols” of Science

Strengthening Science Engagement and Taking South African Science to the World

Semi-finalists from FameLab South Africa 2019

- Eligible to all institutions or organisations involved in science, technology, engineering and mathematics (STEM) research, higher education and engagement
- An opportunity to build skills and capacity for science communication within your tertiary institution, science council or organisation
- Provides a platform for your institution to profile your research nationally and, for the winner, internationally
- From heats, winners automatically qualify as FameLabSA semi-finalists
- Semi-finalists receive training from UK science communication Masterclass trainers
- The national winner receives an all-expenses paid trip to the UK to participate in the international finals held at the Cheltenham Science Festival
- Participants become part of a global network of FameLab alumni

Expression of Interest Form

To register your interest to host a heat or partner with FameLab, please complete and submit this form via famelab@britishcouncil.org.za. Due to limited resources, responses to expressions of interest will be evaluated on a case by case basis.

PART 1: Organisation's Details
